## ASSISTANT PASTOR,

Will Be Recommended by Committee to Baptist Church.

The committee appointed two weeks ago to recommend a pastor's assistant for the Baptist church, will to-morrow night at the business meeting following prayer meeting recommend Rev. J. M. Jones, of Texas, who will graduate from the Southern Baptist Theological Seminary June 1. Mr. Jones is 27 years old and unmarried. He was here during the Dixon meeting and met many of the church members. The importance of the meeting to-morrow night will doubtless cause the attendance to be unusually large.

## MAD DOG KILLED

After a Reign of Terror North of Town, Sunday.

A large black dog afflicted with hydrophobia created a reign of terror a few miles north of town Sunday afternoon. He was first seen at Mr. J. H. Duvall's, where he bit Mr. Duvall's dog and then started up the road toward Mr. Dock Littlefield's. Mr. Duvall telephoned to his neighbors and started in pursuit. Just as Mrs. Littlefield answered the telephone she saw the dog coming towards the house, the door of which was open. She slammed the door and Mr. Littlefield and a negro man got guns and shot at the dog without killing it. The rabid beast then headed towards Mr. Glass. B. Mescham's. He was notified and was ready with a shotgun and rifle when the dog came in sight. He shot it with two loads of buckshot and three rifle balls before he killed it. So far as learned, no harm was done except the biting of Mr. Duvall's dog.

## RIP SAW

Takes Off Portion of Mr. Henderson's Hand.

Clarence Henderson, an employee of the Forbes Manufacturing Co., got a portion of his right hand cut off by a rip saw last Friday. He was at work in the planing mill, when his hand came in contact with the saw and a slice about five inches in length, running from the least finger up the hand, was cut off.

Hiram Cronk, the only survivor of the war of 1812, is dead at Ava, N. Y., at the age of 105 years.

## STATE CONVENTION

Of Universalists Will Be Held Here This Week.

A series of meetings is in progress at the Universalist church and will continue until next Sunday night. The pastor is being assisted by the Rev. A. J. Irwin, of Little Rock, Ark. Mrs. Irwin is one of the leading revivalists in the denomination. Her sermons are filled with spiritual warmth and comfort. She preached a week here last year at which time twenty-two editions were received to the membership and a good meeting is expected this week.

REV. MRS. A. J. IRWIN.

## DISTRICT COMMITTEE

Will Consider Senatorial Matter To-Day.

The District Committee of the Sixth Senatorial district will meet in Madisonville to-day, on call of Chairman Lee Gibson, to decide upon a time and method of nominating a candidate for the Senate. Hopkins county having heretofore conceded the candidate to Christian county, both candidates from this county will no doubt unite in asking that a primary election be ordered for this county alone, which cannot under the law be earlier than June 25. Should the candidates fail to agree, the primary will have to be held in both counties.

## ANTI-COW

## ORDINANCE

## ADOPTED.

Council Abolishes The Town

Cow After The First of June.

"NEW COP IN TOWN."

New Fire Department Building Formally Accepted and Will be Occupied.

A good deal of important business was transacted at the council meeting Friday night.

The most important matter disposed of was the passage of an ordinance prohibiting the running of cows on the streets, day or night. Some years ago when the question was up a compromise was effected by which milk cows only were allowed the use of the streets during the day time. The new ordinance makes the stock law very rigid.

Prof. H. Clay Smith was spokesman for the citizens who presented numerous signed petitions from the various wards. After Prof. Smith had made a speech in favor of the proposed ordinance it was adopted. Councilmen Jackson, Whitlow, Galbreath and Davis voted aye and Benton, Twyman and Glass no.

The Pearl City Lodge, Woodmen of the World, was granted the use of the same streets the Odd Fellows used last year for a street carnival the latter part of May. The same restrictions were imposed.

The ordinance recently passed ordering the sale of a sewerage

franchise was amended requiring free sewerage to be furnished the four school buildings as well as the city buildings. This is expected to greatly effect the sale of the franchise.

The Louisville & Nashville Railroad was given permission to run a private sewer down Eighth street to connect with the Hotel Latham sewer.

Thomas E. Clark was elected policeman to succeed W. H. Nixon, who resigned some time ago.

John D. Thompson was chosen to a place on the fire department made vacant by the resignation of Leslie Twyman.

The new fire department building was formally accepted and the engines etc will be installed without delay in the new building.

## MAY EXAMINATION

For Teacher's Certificates Will be Held This Week.

The May examination for certificates to teach in white public schools of the county will be held at the Virginia street school next Friday and Saturday, May 19 and 20. The examination for colored teachers will be held the following Friday and Saturday. Applicants are requested to be on hand promptly at 8:30 a. m. each day.

The examination for diplomas in the county schools was held last Friday and Saturday. There were twenty-nine applicants, nineteen whites and ten colored.

There were sixteen applicants for certificates to teach in the city schools, at the examination held here. The grading of the papers has not yet been completed and it is not known how many were successful.

## Will Meet To-day.

The Executive committee of the Dark District Tobacco Association will meet in the city today, at the office of Mr. Chas. F. Jarrett, salesman for the Hopkinsville market.

### REVIVAL AFTERMATH.

Synopsis of the Sermon of  
Wednesday Night, Crowd-  
ed Out Saturday.

The song service Wednesday night was one of the most delightful of the whole series of meetings. Miss Nellie Donaldson again sang No. 134—"I Will Meet You There." Prof. Excell also sang a solo. His selection was one of his most recent compositions and was rendered only as Excell can render it. It is entitled "Make Me Pure" and is well adapted to the deep bass voice of its composer. It is useless to say that this new song of Prof. Excell was well received by the large audience present.

Before beginning his sermon, on "Why We Are Not Christians," Dr. Dixon announced that his "child in the ministry, Dr. Broughton, of Georgia, would arrive in the city Thursday morning and would assist him in the services to be held in the afternoon and night." Dr. Broughton is on his way to the Southern Baptist Association at Kansas City. Dr. Dixon will also attend this association, which necessarily shortens, by a few days, his evangelistic work here.

Dr. Dixon said that he felt like a general talk on the subject chosen, and not a set sermon, would be the best thing to-night, and maybe the spirit thought so, too. He said that he wanted to give some reasons why men are not Christians, and wanted those in the audience who had any reason for not accepting Christ to stand up and tell him what their reasons were. An Irishman once told him that he liked the Episcopal church because it gave a man a chance to "jaw back." In Boston in a meeting of this kind there is a good deal of "talking back." During one of their meetings they had a brass band and paraded about town in order to get men who were not in the habit of going to church and soon had the house full. An old man rose in the meeting when requests for prayer were made and said there was no use in praying for him, he was too old. This is the excuse—not reason—of a great many. They say it is ignoble for men to live in sin until they are old and then give the little remnant of their days to the service of God. A young christian pointed out an old, long bearded man standing back by the door, told him that it was his uncle and he wanted Dr. Dixon to go back there and talk to him. He did so. The old man was a wreck of what seemed to him a man of intelligence—maybe a bank president. Another old man arose in the audience and told him that was not so—he had accepted Christ in old age and it was the best thing he had ever done in his life. Then another old man arose and said he agreed with the first one who had given his reason. The first man, during Dr. Dixon's talk with him, said that he had come there to please his nephew, he wanted to be let alone—you take care of my nephew. It is too late for me. I have slipped away the best part of my life. Yet that old man was one of the first to ask the prayers of God's people.

What excuse have the men of Hopkinsville for not becoming christians? One way said that he can't understand—there is so much mystery in religion. When you say a man must be born again, I can't understand the mystery of the new birth, it is all Greek and Latin to me. You don't have to understand; all you have to do is to believe on the Lord Jesus Christ and be saved. A child can understand that. You don't have to know how it is, all you have to do is to believe. When I ate my breakfast this morning I know I was strengthened by it, but I don't know how it was, but I had faith in that good piece of steak, but I don't know

how it strengthened me, but it did. When Moses lifted up the serpent in the wilderness, those who were bitten by the fiery serpent, and looked at the one Moses had lifted up were healed. There was a mystery in that, but they were healed all the same.

Some say their surroundings won't fit if they join the church. Well, there is a great deal in that. A man bought a ticket once to go to a horse race, but got on the wrong boat, and after it started he found that it was loaded with ministers and church members going to a great meeting. He went to the captain of the boat and told him he was nearer hell than he had ever been in all his life, and would give him ten dollars if he would put him off at the first landing. And it has been said, but I won't vouch for it, that the circumstance has been reversed and the preacher thought he was nearer hell than he had ever been before and told the captain of the boat that he would give him ten dollars to put him off at the first landing.

What is needed is faith in the Lord Jesus Christ. A man won't deposit his money in a bank without he has faith in the honesty of the officials of the bank. A man won't get on a car without he has confidence in the engine and engineer to carry him to the place he wants to go. Some men give as their reason that there are so many hypocrites in the church. That is so; but I know of but one other place in all the world where there are more hypocrites than in the church, and that is outside of it. So that is an excuse, but no reason. I don't like hypocrites any more than you do. But in the face of all this, you will go to hell if you don't take my dose before you die. There are plenty of hypocrites and you need not make any more. "And they all with one accord began to make excuse." Sinners have plenty of excuses for not accepting Christ, but no reason for it.

The whole truth is that you have some secret sin that keeps you away from God, and you won't give it up or tell what it is. He a man, have the grit and backbone to stand up before this large audience and confess Christ. Throw away the mystery of the new birth and everything else that has mystery about it and come to Christ. It is better for an old man to accept Him than to die without him. It is a dangerous thing for parents to keep their children from uniting with the church while they are small. Dr. Burrows, who we know as one of the best of men, had no sympathy, for a long time, with children who wanted to unite with the church, and discouraged a little girl in her effort of three or four times. Finally the child got desperate and told Dr. Burrows and the deacons that if they would not accept her, Jesus would.

Men can sin away the day of grace. It is an awful fact—sad, but true. Then do not put it off. It is one of the saddest things in the world for a man to put off serving God until he is old, but it is better even then than never. You have some sin that you don't want to give up. The sin has got hold of you and won't let you loose, like the fish hawk that fastened its talons in a fish too large to carry away and by its weight was borne down into the East River and drowned. Because its talons were buried in the fish and couldn't be drawn out. But with your excuses can you stand the test of the judgment?

### CRUDE OIL.

Money is made by keeping a barrel of Crude Oil on hand and using it on your hogs, and feed that you give them. It will cause your hogs to grow and prevent cholera and other diseases. If your horses have scratches, colic, flesh-cuts, or sprains, Crude Oil is the cheapest and best thing you can use. If your hen-house has mites in it, saturate it with Crude Oil and you will soon be rid of them. If you have fires to build Crude Oil is the best and cheapest kindling you can get. If your barn has fleas in it, use Crude Oil and you will soon have no fleas. Fence posts saturated with this oil before setting will last fully twice as long. To give some idea as to the beneficial results its use among hogs produce, I will say that in the years of 1897-8 I fed and handled about two thousand hogs in a lot of 12 acres situated on a hill and containing a pond and spring, and when needed I would empty a barrel of oil in the pond, and the hogs would immediately rush into it and shortly afterwards be off, looking like different hogs. I never lost a solitary hog out of the whole number from any kind of disease. Price of Oil—For barrel \$3; or five barrels for \$12.50. T. O. B. cars. Check with order or receive prompt attention.

## RAISE INCUBATOR GATORS

Growing the Rattles for the Trade Proves a Paying Industry in Arkansas.

Hatching alligators is the latest use to which incubators have been put. Beginning with chickens, ducks, geese and turkeys, the use of incubators was extended to ostriches and babies, and now a manager of an alligator farm in Arkansas has adopted the use of incubators there, says the amateur naturalist, in the New York Tribune.

An alligator is in its propagating habits between a fish and a hen. It swims in the water like a fish and lays eggs, but instead of laying them in the water it goes out and makes a nest on the land like a hen.

In this nest it lays 25 or 30 eggs, and then trusts to the warm weather to hatch them out. The period of incubation of alligator eggs is not accurately known, but it is approximately five weeks, or a fortnight longer than chicken eggs, or a week longer than duck eggs.

Most of the alligators hatched at the alligator farms are sold in their infancy for \$1 apiece to visitors from the north. As many alligators are raised to maturity as the inclosed swamps and streams of the alligator farm will permit. They are valuable for their hides, which are used for bags, belts, purses and like purposes. The supply of alligators is much less than the demand, as the hide hunters have killed off all they could find, and there is as yet no close season in the game for their protection. Like the terrapin, they are becoming extinct in their wild state.

At the alligator farms no more old alligators are kept than are needed for breeding purposes. Most of them are sold when a month or six weeks old, and the others are killed at an early age, when their hides are more pliable and easily worked.

Alligator farming so far has proved a profitable industry.

## TO KEEP IN HEALTHY TRIM

Physical Exercise Is Gaining in Popularity Among Every Class of People.

Physical exercise is the fad of the hour, there is no denying that. Despite the attractive healthfulness of natural outdoor exercise, like riding, skating and walking, women are now joining classes in gymnasiums, getting up fetching costumes for their fad and pursuing it with all the ardor of which they are capable. The results are good, of course, but the cost is something with which to reckon, says the Philadelphia Inquirer.

As a sex we do not get sufficient exercise to keep us in good trim. We are busy enough, for that matter, but our employments tie us to a chair. Housework is said to be the most healthful of all work, because of its diversity and the necessary exercise that goes with it, but the average woman overdoes the thing; she tires herself out many times because of lack of method in her work, and, after all, the housework does more harm than good.

A doctor never succeeds in convincing patients that indolence is a foe to health. "If you won't walk upstairs," he says, in desperation, "walk down from your liver's sake," and some few follow his advice. Elevators are a habit like street cars. When you can be transferred from your front door to your place of business you never attempt to walk even a block, but you do not give a thought to the distance that takes you to a car when your home is not on the car line. In tall buildings elevators are a joy and comfort, but they ought not to be considered for one or two flights of stairs, except by those whose business requires a constant traveling between stories.

Browning an Octocorn.

Daniel Murray, long an assistant in the library of congress, is preparing a historical review of the exploits of negroes and persons of mixed blood in literature and other fields. Mr. Murray said in a recent interview: "To the great mass of readers it will be news that Robert Browning was an octocorn. The same may be said of Alexander Hamilton, Alexander Pushkin, Russia's greatest poet was a quadron."

## The Oldest Church.

Wm. E. Curtis in the Chicago Record-Herald, says:

Speaking of churches, E. M. Rogers calls my attention to a mistake in one of my letters from New Orleans, in which I said that the little chapel of Sainte Marie, built by Bienville in 1713, was the oldest church edifice in North America except a little chapel in Santa Fe. Mr. Rogers reminds me that the church at Smithfield, Va., in late of Hundred county, was built nearly a hundred years earlier, which is true. In front of the altar is a marble tablet marking the resting place of the Rev. Mr. Whitcraft, "who dedicated this edifice to God in 1631 and died 1685, leaving one sorrowful wife and two mournful children." The Smithland church fell into decay during the civil war, and was restored, roof, windows, floors and seats, with money solicited by the wife of Senator Mahone, of Virginia. Senators Don Cameron, Quay, Stanford, Hale and others subscribed all that was necessary. Once a month the people of that parish assemble for worship at the old church.

Rock Creek church in Washington is also older than the chapel in New Orleans, for it was built in 1719, of bricks brought from England for ballast in ships that came over for tobacco. There may be other churches quite as old.

## CAN'T MAKE A MISTAKE.

All Hopkinsville People Have to Do Is to Follow Their Neighbor's Advice.

Our readers have no excuse for going astray. The way is almost laid out for them in Hopkinsville. They are on every highway and byway. "He who runs may read." Investigate this example. E. B. Bates, of the firm of Gates & Davis, proprietors of the coal yard on Seventh street and the L. & N. R. R. and who lives at 402 East Seventh street, says: "I saw Doan's Kidney Pills advertised and so highly recommended by persons who had used them that I went to Thomas & Trahern's drug store, procured a box and gave them a thorough trial. I had suffered for a long time with a heavy pain across the small of my back, sharp and acute at times. When I could sit it was settled in my back and there followed a weakness of the kidneys which was exasperating especially at night. I tried various remedies but, none of them gave anything like as satisfactory results as I obtained from the use of Doan's Kidney Pills. I am pleased to say that they brought me great relief. I have recommended the pills and will continue to do so to all my friends and acquaintances."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## CHURCH MEMBERSHIP

Statistics Show That Three Out of Eight People Belong to Churches.

Wm. E. Curtis says in Chicago Record-Herald:

"Statistics compiled by Rev. Dr. H. K. Carroll and Rev. Dr. D. L. Leonard, upset the popular impression that the people of the United States are not as religious as they used to be, and show that the membership of the Christian churches is increasing more rapidly than the population of the United States, notwithstanding the enormous immigration which amounts to three-quarters of a million a year.

According to the calculation of the census bureau, the annual increase in population is 1.87 per cent, while the increase in church membership for the year 1904 was a trifle more rapid, being 1.92 per cent. The net gain of all Christian denominations was 582,578 communicants, a slight falling-off from the gain in 1903. There was an increase of 2,310 churches and 1,674 clergymen during the year.

The increase in communicants

from 1890 to 1904 was 11,904,411, or 46.56 per cent, while the increase in population was 17,749,750, or 28.34 per cent.

The following table will show the numerical strength of the several largest denominations in the United States in 1904, as compared with 1890:

	1890	1904

Dunkards	73,729	114,194
Sec. Adventists	60,491	92,418
Mennonites	41,584	60,953
Unitarians	68,353	71,000
Universalists	54,231	51,872
Miscellaneous	321,212	485,518

Total 19,308,896 30,313,311

This shows a gain of 11,004,415 for the fourteen years.

Forty-three denominations are indicated, but several of them are split up into many divisions. There are seventeen kinds of Methodists, for example, thirteen different kinds of Baptists, twelve kinds of Presbyterians, twenty two kinds of Lutherans, two kinds of Jews, two kinds of Mormons, four kinds of Friends and two kinds of Episcopalians.

The Roman Catholic church shows the largest numerical increase and Lutheran the largest percentage, both being due to the enormous number of immigrants from Roman Catholic and Lutheran countries. The Methodists made the greatest gains in ministers and the Baptists organized the greatest number of churches. The Dunkards and United Brethren saw a falling off in membership, the Episcopalians, Universalists and Swedenborgians in the number of ministers, and the Swedish, Lutheran, United Brethren and Friends in the number of churches. It will surprise people to know that the Methodists have five times as many churches as the Roman Catholics and the Baptists nearly as many, though the Roman Catholics have 40 per cent more members than the Methodists and 50 per cent more than the Baptists. The Presbyterians have more churches and more ministers in proportion to their membership than any other denomination, and show a larger increase in the number of churches and the number of ministers in proportion to their numbers.

The Christian Scientists show the largest gain in every respect during the last fourteen years. Their denomination did not exist or was not large enough to figure in the statistics in 1890, but it now has 611 churches, 1,222 ministers and 66,022 members, an increase of fifty-two churches, 104 ministers and 5,639 members during the year.

The following table will show the numerical increase and decrease in the principal denominations during the year 1904:

	Minis-		Communi-
	Churches, ters,		cants.
R Catholics.....	226	99	241,965
Methodists.....	178	343	69,244
Baptists.....	469	176	85,040
Lutherans.....	819	128	73,856
Episcopalians.....	138	11	25,381
Presbyterians.....	349	265	36,175

U Brethren.....	*378	17	*6,914
L-D Saints.....	14	35	1,178
Dutch Reform.....	47	75	10,422

Decrease.  
The Christian Churches of the United States during the year contributed \$18,509,013 for the support of 5,489 missionaries, 22,593 native helpers, 9,938 missionary stations with 399,983 communicants and 8,066 missionary schools with 301,170 pupils.

## The Southwest.

A Grand Country for Homeseekers and Investors.

## Excursion Rates Twice a Month.

Arkansas, Louisiana and Texas offer the greatest inducements for persons desiring to own their homes. Cheap land, producing almost anything that can be grown anywhere, mild climate, good schools, good water, healthful surroundings, and a growing country are some of the advantages.

Unexcelled for raising fruits and vegetables for early markets. Land that can be bought for \$5 to \$10 per acre can be made to yield \$100 to \$200 per acre in orchard and truck farm.

First and third Tuesdays of each month we sell homeseekers' tickets to Memphis and Cairo at one fare plus \$2 for the round trip.

April 4th and 18th special low round trip rates—less than one way fare—\$15 and less from Memphis and Cairo to points in Texas, Low rates in proportion from points East of Memphis and Cairo.

### The Weather.

Washington, D. C., May 15—For Kentucky: Partly cloudy and probably showers Tuesday.

Nan Patterson has been released from jail in New York on her own recognizance. She will probably not be tried again.

Elbert Hargis and Ed Callahan have been admitted to bail at Lexington in the sum of \$10,000 each and the Breathitt county cases all postponed until fall.

The President has refused to pardon McKnight, the Louisville bank-wrecker. The request came too soon after Bigelow's million-dollar break in Milwaukee.

The Republicans will hold a delegate convention in Madisonville May 27, to nominate a candidate for senator. Wm. Lynch and Prof. McLaughlin, both of Hopkins county, are the candidates.

Hiram Cronk, the last surviving soldier of the war of 1812-1815, died at Ava, New York. He was born April 29, 1800, and served a short while in 1814. He was a shoemaker, which probably explains why he was the last to die.

It is reported that the Czarina caught the infant heir's nurse in the act of putting the child into boiling water in his bath-tub Saturday. All servants have been dismissed from the royal household. "Uneasy lies the head that wears a crown."

Mr. F. T. Gunther, Democratic nominee for representative in Owensboro, died suddenly of apoplexy last week. He was father-in-law of the late Thos. N. Petree, of this city, whose widow is one of Mr. Gunther's three surviving children. He leaves \$80,000 insurance and a large estate.

L. E. Stevenson was given judgment for \$10,000 against the I. C. railroad, at Paducah, for the killing of Mrs. Lucy Stevenson at Dawson Aug. 2, 1902, while walking on a trestle. At a former trial a verdict for \$2,500 was given, but it was set aside.

Mr. Allan M. Wallis will this week become a member of the editorial staff of the Kentuckian, his department being principally city news. Mr. Wallis has had much experience in all branches of newspaper work and has once or twice been connected with the Kentuckian. The rapid growth of our city circulation since the paper became a tri-weekly makes it necessary to pay more attention to city news and add several new features to meet increasing demands, and Mr. Wallis is well fitted for the character of work to be done. His thorough acquaintance with the people, his varied qualifications and extensive knowledge will make him a valuable assistant in editorial duties. He did some special reporting for the Kentuckian during the recent revival that has been highly complimented by our readers. His reports of Dr. Dixon's sermons were by far the best appearing in any paper and showing the excellent character of work Mr. Wallis is capable of doing.

### GREAT OCCASION

Will be Appearance of First Regiment Band Here.

May Music Festival, Hopkinsville, Ky., at tabernacle, May 26th-27th. First Regiment Band of Ohio, soloists from Cincinnati Symphony Orchestra singers and musical artists. Greatest musical treat ever given in Southern Kentucky. Reduced rates on all railroads, 14 fare round trip, 1 fare for large parties. Don't miss it. Thirty-five men in this musical organization. The First Regiment Band has grown in public favor with such rapidity that it now ranks as one of the best bands in this section.

It has been against the policy of the leader to have a few first class artists and fill in the second and third instruments with mediocre material. The result of this course has been gratifying. This is only the second year that this band has sought outside engagements. For several years they have been kept at home by the demands made upon their services in and around Cincinnati.

### Man's Unreasonableness

is often as great as woman's, but Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by I. C. Hardwick, druggist; price 50c.

### "MAY QUEEN"

It has been well said, that if the world was made up with such men as Noah W. Cooper, business, social and religious life

### SEVENTY-FIVE MEN

Summoned From Christian In Lawrence Willis Case.

The sheriff of Trigg county was here Saturday and summoned a venire of seventy-five men, from which to select a jury to try Lawrence D. Willis, charged with the murder of his uncle, Lieut. W. B. Johnstone, at Canton, on the night of March 1, 1903. The case is set for to-morrow. Last fall a similar venire was summoned from this county, but the case was continued.

Last May this case was tried and the jury failed to agree, the poll showing seven for conviction and five for acquittal. At a former trial Willis was convicted and his punishment fixed at confinement in the penitentiary for life. The verdict was set aside by the court and a new trial awarded him. On calling the case for the second trial only two jurors from the regular panel were selected. The defense then moved that a special venire be summoned from Caldwell county from which to complete the panel. To this motion the commonwealth's attorney objected, but his objection was overruled and the jury ordered summoned. Commonwealth's Attorney Smith offered to file an affidavit and to enter a motion requesting the Judge to vacate the bench. The court refused both.

### GOOD SHOW

Great Van Amburg Show Coming Next Monday.

Our citizens will soon have an opportunity of visiting one of the good shows of the country. The Great Van Amburg Show will pitch its tents in Hopkinsville on Monday, May 29, for two performances. The show promises to come this year larger and better than ever before. The many up-to-date features presented by this show are novel and startling. The horses and trained ponies are the best. Elephants, camels, lions and a large collection of trained animals are to be seen in the grand free street parade, in the forenoon on the day of exhibition.

The wonderful array of female performers with the great Van Amburg Show is one of the strong features. There is no other show in the country which has so many high-class female artists as this show, and the work of these fair ladies on the flying trapeze and acrobatic and daring feats has won the admiration of the thousands where the show has exhibited. While this is only one of the many features presented by this vast amusement enterprise, it alone is well worth the price of admission.

### Carnival Ordinance.

Be it ordained by the Board of Council of the City of Hopkinsville:

That, for the purpose of authorizing and enabling Pearl City Camp No. 5, Woodmen of the World, of Hopkinsville, Kentucky, to hold a Spring Carnival in the City of Hopkinsville, all the right and authority now possessed by the City of Hopkinsville to control and license shows, exhibitions and entertainments within its corporate limits, be and the same are hereby transferred exclusively to Pearl City Camp No. 5, Woodmen of the World, of Hopkinsville, Ky., for a period of six days, beginning on the 28th day of May, 1905. That such right and authority shall be exercised only in and upon the streets lying between Main and Clay streets and between Fourth street and Ninth street, except Seventh street; but it is understood that no part of Clay street and Main street are to be used for said purposes. Provided no show or shows are to be placed in front of any church upon any of the streets mentioned in this ordinance. All shows composing said carnival or exhibitions in the territory above described, are to be located and fixed by two committees, one committee appointed and named by Pearl City Camp No. 5, W. O. W., Hopkinsville, Ky., and the other committee composed and being the Street Committee of the Board of Council of the City of Hopkinsville, with the consent of the proprietor of any business house which any show or exhibition shall be placed in front of, and not elsewhere in the City of Hopkinsville.

That such shows, exhibitions or entertainments, licensed or permitted, shall not be of an immoral character or contrary to law and order; and that there shall be no confetti sold or thrown at said carnival within the City of Hopkinsville, Ky. And all of said shows or exhibitions, when placed at the intersection of any two streets, are to be placed at least 15 feet back from such intersection.

That the passage and approval of this ordinance is not to be construed as repealing, amending or suspending any penal laws or ordinances now in force in the City of Hopkinsville.

This ordinance to take effect from and after its passage and publication. Adopted May 12th, 1905.

R. C. West, Clerk of the Board of Council of the City of Hopkinsville.

Approved May 12th, 1905. JOUETT HENRY, Mayor.

### LAST LECTURE

Of the Course At Tabernacle Saturday Night.

John Temple Graves will lecture at the tabernacle next Saturday night, May 20. This will be attraction No. 6, closing the lecture course. Mr. Graves is one of the foremost figures of the American Lyceum and his lectures are standard everywhere. Concerning Mr. Graves, George R. Mudling says: "I recently heard Mr. Graves in his lecture on the Negro Problem. He impressed me as an orator whose gifts are not surpassed by those of any man on the American platform today. I was not only charmed and delighted by his manner and style, but I was also profoundly stirred by his brave, lofty and original presentation of a great question. Here is a voice from the South which I hope this whole nation will hear."
